

FIBROMYALGIA MEDICAL ASSESSMENT FORM

PROVIDER'S NAME: _____

PROVIDER'S TELEPHONE: _____

PATIENT'S NAME: _____

PATIENT'S DATE OF BIRTH: _____

PATIENT'S SS#: _____

Please answer the following questions about your patient's fibromyalgia and other impairment(s). Your answers should be based on the evidence in the patient's file and on your personal contact with and observations of the patient.

1. Date treatment began: _____
Frequency of treatment (weekly/bi-weekly/monthly) _____
Date of last appointment: _____
2. Does your patient meet the 2010 diagnostic criteria for fibromyalgia as defined by the American College of Rheumatology? Y / N
3. Does your patient experience widespread pain? Y / N
4. Does your patient exhibit signs of chronic fatigue syndrome? Y / N
5. Please indicate all of your patient's symptoms:

- | | |
|---|--|
| <input type="checkbox"/> self-reported short-term memory impairment | <input type="checkbox"/> sore throat |
| <input type="checkbox"/> self-reported concentration impairment | <input type="checkbox"/> muscle pain |
| <input type="checkbox"/> tender cervical lymph nodes | <input type="checkbox"/> un-refreshing sleep |
| <input type="checkbox"/> tender axillary lymph nodes | <input type="checkbox"/> chronic pain |
| <input type="checkbox"/> multi-joint pain w/o redness or swelling | <input type="checkbox"/> IBS |
| <input type="checkbox"/> recurrent and severe headaches | <input type="checkbox"/> carpal tunnel syndrome |
| <input type="checkbox"/> shortness of breath or breathlessness | <input type="checkbox"/> vestibular dysfunction |
| <input type="checkbox"/> recurrent and severe headaches | <input type="checkbox"/> menstrual disorders |
| <input type="checkbox"/> post-exertional malaise exceeding 24 hours | <input type="checkbox"/> hypothyroidism |
| <input type="checkbox"/> visual difficulties | <input type="checkbox"/> orthostatic intolerance |
| <input type="checkbox"/> diffuse muscle pain | <input type="checkbox"/> paresthesia |
| <input type="checkbox"/> leg cramps | <input type="checkbox"/> depression/anxiety |
| <input type="checkbox"/> restless leg | <input type="checkbox"/> sicca syndrome |

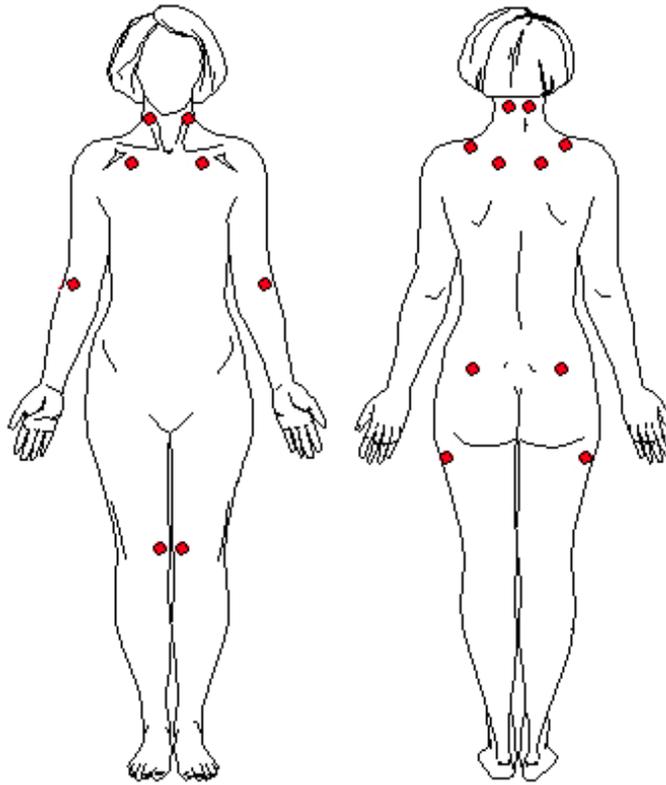

6. Did your patient allege a specific onset date? Y / N
If yes, what was the specific onset date of the symptoms? _____

7. Have these symptoms lasted for at least three months? Y / N

8. Are these symptoms related to emotional factors? Y / N
9. If your patient experiences chronic pain or paresthesia, please indicate the *severity* of the pain or paresthesia: ___ mild ___ moderate ___ severe
10. Please indicate which of the following trigger points were positive for pain upon digital palpitation (of at least nine pounds pressure):

- | | |
|-----------------------------------|-----------------------------------|
| ___ (L) shoulder girdle | ___ (R) shoulder girdle |
| ___ (R) upper arm | ___ (L) upper arm |
| ___ (R) lower arm | ___ (L) lower arm |
| ___ (R) hip (buttock, trochanter) | ___ (L) hip (buttock, trochanter) |
| ___ (R) upper leg | ___ (L) upper leg |
| ___ (R) lower leg | ___ (L) lower leg |
| ___ (R) jaw | ___ (L) jaw |
| ___ upper back | ___ lower back |
| ___ chest | ___ abdomen |

11. Please indicate the location of your patient's pain by shading the relevant body area. Please also label the frequency of pain as constant (C), frequent (F), or intermittent (I):

11. Please indicate any positive objective signs of your patient's impairment(s):

- | | | |
|---|---|--|
| <input type="checkbox"/> SLR left at ___% | <input type="checkbox"/> tenderness | <input type="checkbox"/> weight change |
| <input type="checkbox"/> right at ___% | <input type="checkbox"/> crepitus | <input type="checkbox"/> joint warmth |
| <input type="checkbox"/> sensory changes | <input type="checkbox"/> joint changes | <input type="checkbox"/> reflex changes |
| <input type="checkbox"/> spasm | <input type="checkbox"/> impaired sleep | <input type="checkbox"/> atrophy |
| <input type="checkbox"/> muscle weakness | <input type="checkbox"/> impaired appetite | <input type="checkbox"/> motor loss |
| <input type="checkbox"/> abnormal gait | <input type="checkbox"/> limitation in motion | <input type="checkbox"/> joint instability |
| <input type="checkbox"/> chronic fatigue | <input type="checkbox"/> joint deformity | <input type="checkbox"/> reduced grip strength |
| <input type="checkbox"/> other: _____ | | |

12. Please identify any other positive clinical findings and test results (e.g., myelogram, MRI, CT scans, EMG/NCS, blood or other laboratory results):

13. Have all other possible causes of your patient's symptoms been ruled out? Y / N

If yes, what laboratory testing or imaging studies were performed to rule out other causes (e.g., myelogram, MRI, CT scans, EMG/NCS, blood or other laboratory results)?

14. Do you believe your patient is a malingerer? Y / N

15. Must your patient elevate his or her legs with prolonged sitting? Y / N

If yes, how *high* should the legs be elevated? _____

If yes, what percentage of an 8-hour work-day must they be elevated? _____

If yes, what is the reason the legs must be elevated? _____

16. Has your patient's condition lasted, or is it expected to last, at least 12 consecutive months? Y / N

17. How often are your patient's symptoms likely to result in absenteeism from work (due to treatment or other causes)?

- | | |
|--|--|
| <input type="checkbox"/> Never | <input type="checkbox"/> About one day per month |
| <input type="checkbox"/> About two days per month | <input type="checkbox"/> About three days per month |
| <input type="checkbox"/> About four days per month | <input type="checkbox"/> More than four days per month |

18. Identify any side effects of medications that may have implications for working (e.g., dizziness, drowsiness, stomach upset):

22. Will your patient need *unscheduled* breaks throughout a normal 8-hour work day? Y / N

a. If so, please indicate how *frequently* your patient will need to take breaks:

5 10 15 20 25 30 35 40 45 50 55 60
Minutes

b. If so, please indicate *how long* your patient must take each break:

5 10 15 20 25 30 35 40 45 50 55 60
Minutes

c. If so, will your patient need to lie down? Y / N Sit quietly? Y / N

For the next three questions, please use the following definitions:

“Rarely” means 1% to 5% of an 8-hour work day, or about 5 to 25 minutes.

“Occasionally” means 6% to 33% of an 8-hour work day, or about ½ hour to 2 ½ hours.

“Frequently” means 34% to 66% of an 8-hour work day, or about 2 ¾ hours to 5 ¼ hours.

23. How many pounds can your patient lift and carry in a competitive work situation?

	Never	Rarely	Occasionally	Frequently
Less than 10 lbs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10 lbs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20 lbs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
50 lbs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

24. How often can your patient perform the following activities?

	Never	Rarely	Occasionally	Frequently
Stoop	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bend	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Crouch	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Crawl	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Kneel	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Climb ladders	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Climb stairs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

25. How often can your patient perform the following activities?

	Never	Rarely	Occasionally	Frequently
Look down	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Turn head left or right	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Look up	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hold head in static position	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

26. If your patient has significant limitations with reaching, handling, or fingering, please indicate the percentage of time during an 8-hour working day that your patient can use his hands/fingers/arms for the following activities:

	Hands <i>(grasp, turn, twist objects)</i>	Fingers <i>(fine manipulation)</i>	Arms <i>(reaching in front)</i>	Arms <i>(reaching overhead)</i>
Right:	%	%	%	%
Left:	%	%	%	%

27. Please indicate whether your patient experiences any of the following mental impairments as a results of his or her diagnosis:

- Difficulty with short-term memory
- Difficulty following simple directions
- Impaired social interaction
- The ability to adjust to routine work changes
- Confusion
- “Fuzzy” thinking
- Distractibility
- Difficulty with word use and recall
- Difficulty with routine problem solving
- Disorientation to time and place

28. If your patient suffers from any of the above mental impairments, please indicate the extent to which the impairment(s) are likely to interfere with his or her ability to complete an 8-hour workday:

- | | | | | | |
|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 0% | 5% | 10% | 15% | 20% | 25% or more |
| <input type="checkbox"/> |

29. To what degree can your patient tolerate work stress?

- Cannot tolerate even “low stress” work
- Can tolerate low stress work
- Can tolerate moderate stress (normal work)
- Can tolerate high stress work

30. Does your patient experienced “good days” and “bad days”? Y / N

31. Are your patient's impairments (physical impairments plus any emotional impairments) as demonstrated by signs, clinical findings, and laboratory or test results, ***reasonably consistent*** with the symptoms and functional limitations described above in this evaluation? Y / N

If no, please explain:
